

Thanks to all of our returning schools, and to a couple of new ones, for participating in the Barrhaven Earth Day Clean Up as part of the City's Clean Up the Capital program.

We are pleased to announce that the winner of this year's clean up effort was Mother Teresa High School. As the winner, their students will design the official Barrhaven Clean Up Challenge plaque, sponsored by Ross' Independent Grocer, that will reside in their school's show case, until next year's event. Each year, schools will compete for the annual title! Over 450 bags of litter, recyclables and yard waste was collected by the schools alone. Almost 1000 bags were collected, in total!

Thanks to the City and Home Depot for supplies, 1-800-GOT-JUNK for collecting the bags for disposal and to Jack May Chev Buick GMC for their assistance again. Also, thank you to the Lions and Ross' Independent Grocer for the great BBQ and Jenna Swinwood- Re/Max Affiliates for coffee and sweets!
